DESCRIPTION OF COLIN ARCHER 40

Colin Archer 40 built after original Colin Archer drawings by Haukilahden Veneveistämö in Finland in 1998. The yard has built ten Colin Archer boats since the 1980s.

Saving lives at sea with a boat built to go out in weather where others perish naturally commands respect. What could be safer at sea than a rescue cruiser, as the name suggests? Surely a modern boat based on a recognised seaworthy design is the safest option, second only to staying on land.

This boat has had several updates over the years and is very well maintained.

The boat was inspected on 20.4.2022 by a professional surveyor authorized by Finnboat.

The price includes the boat ready to sail in spring 2023!

FACTS

Manufacturer: Haukilahden Veneveistämö

Design: Colin Archer/ Christian Lydman

Length (Total/ Loa): 14,50 m / 12,00 m

Width: 4.10 m

Draught: 1,95 m

Displacement: 18.000 kg (empty)

Engine: Iveco Aifo (95hp)

CE class: A
