DESCRIPTION OF ARCONA 380

This beautiful Arcona 380 has been sailed for only one season and is now ready for a new owner. The boat's layout accommodates three separate cabins with double berths in each cabin. Furthermore, the boat has a classic floor plan with L-kitchenette directly starboard about the fall, toilet opposite the kitchenette and a lounge with U-sofa, straight sofa and coffee table in between. The finish of the interior is impressive and the contrast between the white ceiling, white table panel and the rest of the Mahogany interior will be like a well-composed painting to look at.

In terms of sailing, this is a dream for the most discerning sailor. The boat is nimble and fascinatingly light at the helm. In the cockpit you have good access to all cases, bulkheads and other trim. Back in the harbor, the cockpit is comfortable with a solid bathing platform and plenty of seating for the whole family.

The boat is sold either fully equipped for racing with a complete sailing wardrobe from UK Sailmakers according to the attached PDF file. Then the price is SEK 3,450,000. Alternatively, the boat for cruising sailing is equipped with a simpler sail wardrobe and reel for the seal. Then the price is SEK 3,250,000.
