DESCRIPTION OF CR 371

CR 371 is a fantastic sailing yacht, built in Henån on the island of Orust to the highest standards typical for all yachts built in this region on the Swedish west coast. The boat is designed by Carl Beyer/CR Yachts and built by CR Yachts in Henan, Orust. This is a sailing yacht to be experienced, by underway at sea as well as at anchor..

CR 371 is equally at home sailing in the archipelago as well as underway across open water.

Unlike the boat predecessor CR 371 the salon is bigger and with improved the layout of the cockpit.

This CR 371 is a very well equipped and very well maintained boat. Much of the equipment is replaced or refurbished in recent years . Examples include new navigations electronics and all through hull fittings replaced.

For more information , see attached document " Equipment List CR 371 "
