DESCRIPTION OF BAVARIA 47

This is a unique opportunity to acquire the popular Bavaria 47. All deck equipment is of high quality as well as the teak deck and the interior is built by dedicated craftsmen. The hull colour is in dark blue and painted with Awlgrip. Overall, a boat in very good and updated shape and with two owners only. The boat has only been sailed by the owners and has been stored inside every winter where it has been serviced by professionals.

The Bavaria 47 is designed by the respected J & J Design. A collaboration that has resulted in an extremely well-sailing and at the same time very spacious 47-foot boat with many interior details that make optimal use of the boat's hull volume. This is a 3-cabin version with 3 heads.
The boat is located in the northwest of Jutland rigged and ready for quick handover to new owners. Contact responsible broker Lars Legarth for further information and for an appointment to see the boat.

We have the pleasure of offering this rare version of the Bavaria 47. The boat is carefully looked after and constantly updated by the owners. As can be seen from the equipment list, the boat has an equipment level that allows a new owner to sail the boat wherever it wishes.
Large and very spacious cockpit with double steering wheel that allows free passage in the cockpit and a large permanent cockpit table. The boat is equipped with electrically operated infurling mainsail and electrically operated furling genoa and the sails are controlled via electric winches. All this contributes to the boat being easy to handle, even when shorthanded. Port manoeuvres are also helped by the powerful Volvo-Penta diesel engine in conjunction with both bow- and stern thrusters.

Below deck the boat is very spacious and with tastefully interior with nice large salon, large nav station area as well as large longitudinal pantry on the port side, equipped with all comforts. There are 2 good aft cabins and an attached toilet with shower aft on the port side and toilet with washing machine on the starboard side. In the bow of the boat there is a large enclosed owner's cabin with its own toilet with shower.

All in all, a boat that invites you to long stays on board.

Specifications:
