DESCRIPTION OF DEHLER 32

The Dehler 32 boasts its classic Dehler lines, pleasing to the eye, well-designed, and a good sailor. This boat is a sporty family cruiser. You can sail it single-handedly or with a crew of 2. It also accommodates families with more people on board. The cockpit is well-arranged, providing ample space for many. As is customary with Dehler, everything is well-designed and thought out. As the helmsman, you have excellent visibility, whether you want to stand or sit at the helm. As usual in Dehler boats, there is solid woodwork craftsmanship inside.

Below deck, right after the companionway, you'll find the navigation table to starboard and the practical L-shaped galley to port. To port, behind the companionway stairs, there's a spacious bathroom. To starboard, after the companionway, there's a well-designed aft berth with space for two adults. Moving forward, there's a classic salon with sofas on both sides and a table in the middle. At the bow, there's a double berth.

There's remarkably practical storage in this 32-footer, creating the feeling of a larger boat.
