DESCRIPTION OF BAVARIA 47 HOLIDAY

Here you'll find a Bavaria from the well-known Bavaria shipyard that stands out. The Bavaria 47 Holiday is a cruiser with ample space. The cockpit has a pleasant layout with an opening transom. Inside, this model is designed for private sailing with family and friends, offering generous spaces and a kitchen that feels like home. Having a standing refrigerator and freezer is not so common on boats, but you'll find them here too. The light brown-stained wood surfaces give a modern appearance.

In terms of sailing, the boat is equipped and updated for easy and smooth sailing. The Furlex furling system is electric with buttons at the helm. Electric winches for the mainsail and foresail. The mainsail and genoa are from Elvström EPX-2015, and there's also a roller-furling gennaker. Power generation is handled by the Whisper 3.5 generator and an EFOY 210 fuel cell.
