DESCRIPTION OF ARCONA 355

This boat sails easily by itself with the self-tacking jib and the revamped mainsheet, all within easy reach for the helmsman. Fitted with a relatively newly installed Volvo Penta D1-30 F from 2008, it moves at a good speed when the winds are not present if desired. The boat comes with a nice cockpit cover. Below deck layout is traditional with a forepeak and wardrobes, a saloon that can be made into 2 berths. Aft, there's a galley and navigation table, followed by a double berth and a toilet. The interior is made of matte lacquered mahogany
