DESCRIPTION OF HALLBERG-RASSY 310

This lovely Hallberg-Rassy offers excellent sailing performance and comfort in a compact and versatile size. With its high quality and beloved Scandinavian design, this boat appeals to experienced sailors and families seeking safety and performance for long adventures or short day trips at sea.

With the 310, Hallberg-Rassy has managed to create impressive space, with a salon table, berth lengths, and headroom similar to boats nearly 40 feet long.
The smart interior is not only functional but also classically stylish with beautiful, light mahogany and ample natural light through large hatches and numerous windows.

The salon is brightly furnished with comfortable sofas that easily convert into wide berths for two. On the starboard side, there's a practical L-shaped galley, complete with storage space, stove, oven, and refrigerator. A spacious aft cabin is to port, while the bow hosts a surprisingly roomy toilet with shower and a forward cabin for two.

The cockpit is well-protected with a fixed windshield and sprayhood. Long benches offer ample space for the entire crew, and there's a truly spacious storage locker to starboard.
The stern can be partially opened for easy access to the dock or for swimming.

The Hallberg-Rassy 310 surprises with excellent sailing abilities, garnering high ratings even from the international press.
The deck layout ensures smooth and safe sailing, even for single-handed sailors.

Even manoeuvring in ports is easy thanks to foldable propellers both at the bow and stern, something rarely found on boats of this size.

The boat is in very good condition, well-equipped, and has no groundings or other damages.

Included in the price is that the boat will be delivered serviced and launched in the spring of 2024!
