DESCRIPTION OF WAJER CAPTAINS LAUNCH 7 METER

A classic silhouette optimized for modern-day cruising; the Captain's Launch was the first boat to carry the Wajer Name. Take her out to sea, around the canals or across the lake and listen to the quiet droning of the engine with the wooden helm in one hand a drink in the other. For a perfect day on sea, canals or lake!

The Captain's Launch is a fiberglass boat with a fabulous wooden interior.

The classic lines of the double-hull fiberglass are based on the English launches from the 1920s and universally renowned for their elegance and superior seaworthiness.

Captain's Launch is characterized by nice layout, comfortable seats, a very quiet engine and minimal maintenance.

This example is from 2000 and has had a complete refit in 2020 by Frank Hetinga in Heeg (Wajer Workshop). The boat is in excellent condition and has just had a spring makeover with polishing and antifouling. The boat is ready to go.
