DESCRIPTION OF BAVARIA 37-3

The Bavaria 37-3 is a spacious and well-equipped boat. The boat is in good and updated condition and equipped for long-distance voyages and is delivered spring-ready and launched.

The Bavaria 37-3 is developed in collaboration between the renowned J&J Yacht Design and Bavaria with a decade of close collaboration. A collaboration that has resulted in a well-sailing performing and at the same time very spacious 37-foot cruising boat with many rethought interior details that make optimal use of the boat's hull volume, with a 3-cabin layout enabling 6 people living comfortable onboard.

The boat's interior layout is a 3-cabin version with a double bed in aft starboard cabin and a single bed cabin in port side. In the bow a spacious enclosed cabin with a double bed as well. Toilet/shower compartment. Spacious salon with bunks and saloon table and efficient L-shaped pantry with gas stove/oven and large fridge. The boat is also optimally utilized in terms of stowage space.

The boat is easy to handle thanks to in-mast furling mainsail and furling genoa.

This Bavaria 37-3 is well equipped, and quite an amount of money has been invested in upgrades and equipment the latest years. In addition, see detailed equipment list attached to this advertisement.

The boat is in Denmark rigged and ready for quick handover to new owners. Contact responsible broker Lars Legarth for further information and for an appointment to see the boat.

Bavaria 37.3 DKK 450.000 From 2002
