## DESCRIPTION OF GRAND SOLEIL 50

---

The Grand Soleil 50 is designed by Judel/Vrolijk and built by The Grand Soleil Cantiere del Pardo yard famous for its beautiful performance quality yachts. Her beautiful lines, teak decks and underwater hull design makes her a very sturdy goodlooking fast performance cruiser.

This Grand Soleil 50 is from 2004 and has initially sailed in France on the Atlantic Coast until its present owners found her and brought her to Scandinavia. Here she has since undergone an extensive refit including various upgrades and updates, which has resulted in a boat fully updated to new standards, comfort and quality requirements. This boat has the very strong Yanmar 4JH3TE engine with 75 HP and only 2200 hours on the clock.

Recent major renewals that can be mentioned are: New Lithium Battery installation (760Ah), new navigation, hull epoxy treated, new Hydranet mainsail, new cushions and fabric throughout, new windlass, new heater installation, new boiler, washing machine and much, much more. Have a look at the extensive Equipment List to be downloaded in pdf from our website.

Its cockpit is well functioning when at sea as in port and below decks she has all the space and luxury you may wish for a comfortable cruise or even liveaboard. The interior design is both modern and cosy while at the same time adapted to safe moving around underway. One huge owners cabin and two large additional cabins easy accommodate for 6 or more even under a longer cruise.

Present owners have prepared for and planned a long ocean going voyage, but for personal reasons now need to go ashore, hence the reason for the boat coming up for sale. The boat is presently stored inside a storage one hour North of Copenhagen

Please do contact the yacht broker Michael at [michael@baadagent.dk](mailto:michael@baadagent.dk) or via phone +45 2148 8880 for any queries or to arrange a visit to the boat.
